

The University of Tennessee at Martin

Bachelor of Arts/Science/University Studies

Requirements

Bachelor of Arts:

General Education Requirements:

Graduation Requirements:

- Minimum credits required for graduation 130
- Minimum credits in upper-division courses 36
- Maximum credits in any one subject counted toward graduation 50
- Complete requirements for a major (see "Major" section which follows)
- Complete requirements for a minor (see "Minor" section which follows)

General Requirements:

- I. Communication Requirement
 - a. English 111-112 (or equivalent honors courses)
 - b. Communications 230

- II. Foreign Language Requirement

Completion of 222 in a foreign language or the equivalent. (See "Satisfying the B.A. and B.S. Foreign Language Requirement.")

- III. Humanities Requirement
 - a. Complete a sequence from one area and one course from each of two remaining areas
 - i. English: English 250-251, or 260-261, or 270-271 (foreign language literature courses numbered 300 or above may be substituted for English courses.)
 - ii. History: History 121-122 (or equivalent honors courses)
 - iii. Honors 111
 - iv. Philosophy and Religious Studies: Philosophy 110-120, or Religious Studies 201 and 301
 - b. Complete one course from each of two different areas
 - i. Art History 210, 211
 - ii. Dance 110, 111
 - iii. Music 111, 112
 - iv. Theatre 110, 111
 - c. Complete Philosophy 160

- IV. Laboratory Science Requirement

Complete one sequence outside of major

 - a. Astronomy 201-202
 - b. Biology 110-120
 - c. Chemistry 121-122
 - d. Geology 111, 113
 - e. Physics 211-212 or Physics 220-221

- V. Social Science Requirement
 Outside of major complete one sequence and one additional course in a different area (one course must come from Political Science 210, Psychology 120, or Sociology 201).
- a. Anthropology 101-201
 - b. Economics 201-202
 - c. Geography (Regional) 151-152
 - d. Geography (Physical and Cultural) 201-202
 - e. History (U.S.) 201-202
 - f. Honors 112
 - g. Political Science (American Government) 210-220
 - h. Psychology 110-120 (or equivalent honors courses)
 - i. Sociology 201-202
- VI. Mathematical Reasoning Requirement
 Complete one math course at Mathematics 100 level or higher and Computer Science 201

Bachelor of Science:

General Education Requirements:

Graduation Requirements

Minimum credits required for graduation 130

Minimum credits in upper-division courses 45

Maximum credits in any one subject counted toward graduation 50

Complete requirements for a major (see "Major" section which follows)

Note: Certain majors may require students to complete a minor (see "Minor" section which follows)

General Requirements:

- I. Communication Requirement
 - a. English 111-112 (or equivalent honors courses)
 - b. Communications 230

- II. Foreign Language Requirement
 Students entering with two years or more of study of a foreign language in high school can fulfill the requirement by completing 222 in the same language (i.e., the language used to satisfy the entrance requirement). French and Spanish students who begin with 115 may fulfill the requirement by completing 122; OR Students entering with a foreign-language deficiency can fulfill the requirement by completing 222 in the language used to remove the deficiency; OR Students who switch from the language used to satisfy an entrance requirement or to remove a deficiency to another language can fulfill the requirement by completing 122 in that second language. (See "Satisfying the B.A. and B.S. Foreign Language Requirement.")

- III. Humanities Requirement
 Completion of one sequence from each of two disciplines.
 - a. English 250-251, or 260-261, or 270-271
 - b. History 121-122 or 201-202 (or equivalent honors courses)
 - c. Honors 111-112*

- d. Philosophy 110-120
- e. Complete Philosophy 160 and one course selected from
 - i. Art 110
 - ii. Music 111 or 112

IV. Laboratory Science Requirement

Completion of two of the following sequences outside the major:

- a. Astronomy 201-202
- b. Biology 110-120
- c. Chemistry 121-122
- d. Geology 111, 113
- e. Physics 211-212 or Physics 220-221

V. Social Science Requirement

Completion of two of the following sequences outside the major (one chosen from Political Science, Psychology, or Sociology):

- a. Anthropology 101-201
- b. Economics 201-202
- c. Geography 151-152 or 201-202
- d. Honors 111-112*
- e. Political Science (American Government) 210-220
- f. Psychology 110-120 (or equivalent honors courses)
- g. Sociology 201 and 202 or 208

VI. Mathematics Requirement

Completion of Mathematics 185-Precalculus or any two of the following courses:

- a. Mathematics 140
- b. Mathematics 160 or 251
- c. Mathematics 210
- d. Mathematics 241
- e. Mathematics 252

VII. Computer Science 201

* Honors 111-112 can be used to satisfy either the Humanities A or Social Science requirement, but not both.

Satisfying the B.A. and B.S. Foreign Language Requirement:

The foreign language requirement for the degree of Bachelor of Arts is satisfied by completion of 222 or the equivalent. International students and resident aliens for whom it is determined that English is a second language may satisfy the requirement either as stated above or by taking an English course at the 200 level or above and passing with a grade of C or better.

The foreign language requirement for the degree of Bachelor of Science can be satisfied by passing a foreign language in one of the following ways. (1) Students entering with two years or more of study of a foreign language in high school can fulfill the requirement by completing 222 in the same language (i.e., the language used to satisfy the entrance requirement). French and Spanish students who begin with 115 may also fulfill the requirement by completing 122. (2) Students entering with a foreign-language deficiency can fulfill the requirement by completing 222 in the language used to remove the deficiency. (3) Students who switch from the language used to satisfy an entrance requirement, or to remove a deficiency to another language, can fulfill the requirement by completing 122 in that second language.

Major Requirements for B.A. and B.S.:

Each student in a Bachelor of Arts or Bachelor of Science degree program must complete a major program of study consisting of not less than 18 semester hours of upper-division courses (up to six hours of these courses may be replaced by lower-division work in certain departments). A minimum grade of C (2.00) must be made in every course offered for the major, exclusive of lower-division prerequisites. Required and elective courses taken for pass/fail (P/F) where a P is recorded will count as satisfying the minimum-grade requirement. Transfer students must earn at least six hours in the major while in residence at The University of Tennessee at Martin. Requirements for the major are specified by the individual departments. Certain majors may also require a student to complete a minor program of study. (See individual departmental listings.)

For information on preparation for legal study or pre-theological study, see the Department of History and Philosophy section. For information on pre-professional curricula in the health sciences, see the College of Engineering and Natural Sciences section.

Minor Requirements for B.A. and B.S.:

A minor in support of the B.A. or B.S. degree consists of not less than 12 hours of upper-division courses in a subject outside the major. Up to six hours of these courses may be replaced by lower-division work in certain departments. For requirements for minors other than those listed below, see the individual departmental listings.

A second major can be completed in lieu of a required minor.

The African-American Studies Minor consists of the following courses: Philosophy 130, Philosophy 440 and 12 hours selected from Sociology 304, Political Science 479, Social Work 220, English 345, History 434, and History 435.

The Women's Studies Minor consists of Interdisciplinary Studies 201 plus 15 hours selected from the following courses (excluding any courses used to satisfy general education or major field requirements): Anthropology/Sociology 341, Anthropology/Sociology 495, Child & Family Studies 100, Child & Family Studies 303, Communications 231, English 350, English 495 (when topic offered is on women's literature and issues), History 303, History 480 (when topic offered is on gender issues in history), Psychology 370, Sociology 208, Social Work 220, Textiles, Clothing & Fashion Merchandising 300. No more than six hours may be taken in a particular discipline, and a student must complete at least 12 hours of upper-division credits from these courses.

Bachelor of University Studies (0100):

The Bachelor of University Studies (B.U.S.) is an individualized degree program. Created to meet the needs of working adults and others whose educational objectives are unmet by the traditional degree programs, the B.U.S. is a self-designed general studies degree in which students choose those academic courses which best meet their career goals. There are no specific course requirements beyond 38 hours in "core" courses, and students may receive up to 30 hours of academic credit for previous non-college learning experiences. The B.U.S. is a full, four-year baccalaureate degree that complies with all university requirements.

The student interested in the B.U.S. option prepares an individualized degree program in consultation with a faculty advisor whose educational and professional background is related to the student's programmatic goal. The entire program must be approved in writing by the vice chancellor for academic affairs (or designate). Copies must be filed with the university registrar, the vice chancellor's designate, the faculty advisor, and the student prior to accumulation of 95 earned hours toward the degree. It then becomes the student's official Program of Study. Any modification to the student's program must be approved by the Online and University

Studies Council.

Graduation Requirements:

Credits required for graduation 130
Minimum credits in upper-division courses 36
Minimum credits at UT Martin (exclusive of Experiential Credit) 30

Specific Curricular Requirements:

- I. General Education (38)
 - a. Aesthetics (3)
 - b. Biological and Physical Systems (8)
 - c. Communications and Computer Literacy (12)
 - d. Ethical Awareness (3)
 - e. Philosophy 160
 - f. Global Dynamics (3)
 - g. Mathematics (3)
 - h. Social Dynamics (3)
 - i. Elective (3)

Choose from any of the courses listed in Aesthetics, Biological and Physical Systems, Global Dynamics, Mathematics, or Social Dynamics

- II. Individual Degree Concentration (42-54)

This portion of the student's program provides for the in-depth examination of some area of study. In traditional terms it would comprise the courses of the major and the minor or the courses of the major plus an integrated cluster of related and supportive courses. The Individualized Degree Concentration will include no fewer than 42 semester hours and no more than 54 semester hours. No more than 36 semester hours in one discipline, exclusive of the specific curricular requirements listed above, may count toward the B.U.S. degree. The student must earn a grade of "C" or better in all courses offered for the Individualized Degree Concentration.

- III. Experiential Credit (0-30)

While not required, students may be awarded up to 30 hours credit for learning that has taken place in settings other than the college classroom or laboratory. Examples of non-college learning that can be converted into college credit include real estate schools, banking institutes, military training, business programs, law enforcement academies, fire and safety institutes, technical/vocational certificates or associate degrees, seminars, workshops, in-service training or formal job training. A portfolio, documenting all experiential learning for which credit is sought, will be presented by the student. At the time of submission of the portfolio, the student will be required to pay a \$300 charge per subject area. Submission and award of any credit must be prior to student's last 30 hours. The student's advisor and the vice chancellor for academic affairs' designate will evaluate the portfolio and may assign from 0-15 hours credit. Credit for up to 15 additional hours, or any upper-division hours, may only be awarded by the Undergraduate Council. If experiential credit is awarded, it becomes part of the student's university transcript; it may not substitute for any general education requirement and it may be applied only to the Bachelor of University Studies degree.

- IV. Electives:

Sufficient electives must be taken to bring the total credits for the program to 130 semester hours.
