

Automobile Regulations for Student Vehicles

Students who operate vehicles on campus are required to register their vehicles with the Office of Public Safety at registration time. Students are expected to operate their vehicles under the regulations in the current Parking and Traffic Regulations issued at the time of their registration. Vehicles brought to campus after registration must be registered within 24 hours. A vehicle registration decal showing that the car has been registered is provided at a fee of \$26 per year and is to be displayed on the left side of the front and rear windshield. If the bumpers are chrome, place the decals on the driver's front and rear bumper. Disabled students will be given special consideration upon recommendation of a physician.

Office of Multicultural Affairs

The Office of Multicultural Affairs exists to provide support to the minority students at the University of Tennessee at Martin. In order to do so, the office seeks to identify the academic, cultural, economic, social, and other needs of minority students. It then works to centralize and coordinate a holistic program of the university's efforts to cultivate the cultural and ethnic diversity of the campus by communicating these needs, along with recommendations for meeting them, to other units on campus; providing programs and services that enhance the personal, social, educational, and cultural development of students; and actively engaging in efforts to encourage students of color to participate in and contribute to the life of the campus.

The Office of Multicultural Affairs endeavors to serve the UT Martin community as a multicultural resource. The office seeks to provide educational opportunities that assist majority and minority students in identifying commonalities and recognizing, understanding, accepting, respecting, and valuing their differences.

Located in 172 Clement Hall, the Office of Multicultural Affairs advises several student organizations, including the Black Student Association. The office also administers the Harold Conner Scholarship Program.

Student Health Services

The mission of Student Health Services is to provide students with timely, quality health care throughout their enrollment and to assist students in developing a greater sense of responsibility to themselves and others by establishing good health care and habits. Student Health Services is also available to the campus community to provide resource material and educational programs.

Student Health Services is located behind Cooper Hall and has a staff of nurses and a part-time family nurse practitioner with an M.D. consultant. Volunteer Community Hospital is located near the university and is available for medical and surgical services and emergencies, but the student must pay his/her own hospital expenses.

Students are urged to carry health insurance to cover illnesses and accidents that may occur while they are enrolled, since this coverage is not provided by the institution. Information about insurance coverage available to students at low costs can be obtained at Student Health Services.

Note: All students are required to be in compliance with Tennessee Department of Health requirements regarding two MMR vaccines, Hepatitis B vaccines, and the vaccine for meningococcal disease.
