

To qualify for one of these honors categories, a student must complete at least four semesters (60 semester hours minimum) in The University of Tennessee system. These honors categories are based on a student's cumulative average at the end of the semester preceding the graduation semester. (Students transferring work from other colleges or universities must qualify on both their cumulative average and the University of Tennessee at Martin average. The honors designation is based upon the lower of the two averages.)

“University Scholar” Designation at Graduation

The 10 hours of the University Scholars curriculum are required for graduation with the designation “University Scholar.”

Phi Eta Sigma

Phi Eta Sigma is a national honor society that recognizes high academic achievement in the freshman year. Students who achieve a 3.5 average at the end of their first year of study are eligible for membership.

Phi Kappa Phi

Phi Kappa Phi is a national honor society that honors students who have achieved high scholastic attainment and who are of good character. Juniors and seniors may be accepted into membership in a number up to one-tenth of the graduating class.

Who's Who

Who's Who in American Colleges and Universities is a national organization that publishes the names and records of outstanding college students from all over America. The selection is based on scholastic ability, citizenship, and leadership. Any junior or senior is eligible for consideration. Selections are made by a special faculty and student committee.

Awards

An annual Honors Day Program in the spring gives recognition to students who have made outstanding achievements in scholarship and citizenship. In addition to more than 50 special honors and awards, college and departmental honors are given to outstanding students in lower- and upper-division categories.

Credit Hours, Grades, Grade Point Averages, and Examinations

The basic unit of credit at The University of Tennessee at Martin is the semester hour. This normally represents one hour of lecture or recitation or two hours of laboratory work per week. Each course at the university carries a number of semester hours of credit specified in the course description. At the completion of each course, a student will be assigned a grade reflecting the student's performance in the course. Passing grades normally carry with them a certain number of quality points per semester hour of credit in the course. A student's grade point average (GPA) is obtained by dividing the total number of quality points the student has accumulated by the total number of GPA hours the student has attempted, not including hours for which grades of W, WD, WP, I, P, SP, S, AU, NR, and PP have been received. (See the next pages for explanation of these grades and grade calculation when repeating courses.)

Undergraduate students are graded on the following scale:

<i>Grade</i>	<i>Performance Level</i>	<i>Quality Points Per Semester Hour of Credit</i>
A	Superior	4
B	Good	3
C	Average	2
D	Below Average	1
F	Failure	0

Failure. A student whose work is wholly unsatisfactory shall be marked “failure” (F). To receive credit for a course in which he/she has made an F, a student will be required to take the work again, provided, however, that a senior who does not successfully pass one subject during the semester of his/her intended graduation shall have the privilege of standing examination at the opening of or during the next semester. If he/she is successful, he/she will receive his/her degree at the next commencement.

Conditional. A student whose work is unsatisfactory, but who, in the judgment of the instructor, is capable of removing the deficiency without repeating the work in class, shall be marked “conditional” (E). If a student is reported conditional in any subject, the conditional grade will be allowed to stand, but will be counted as a failure in computing the average until the E has been removed. It is expected that the student will remove the E during the next semester in which he/she is in residence, but not later than two years after he/she receives the conditional grade. The student need not be enrolled to remove the E grade. After two years, the work must be repeated in class if credit is to be gained. A senior conditional in any subject may be given the opportunity to remove the deficiency before the close of the semester, but not later than the last day before commencement, provided that successfully passing these courses will make him/her eligible for graduation.

Incomplete. The work of a student who is passing a course satisfactorily but cannot complete all of the requirements due to illness, accident, or unavoidable circumstances shall be reported as “Incomplete” (I). Any faculty member may give an I in any course to a student whom the faculty member regards as deficient in English in that course, but who is otherwise passing. The I will be removed when the Department of English certifies to the instructor that the student has made the necessary improvement. It is expected that the student will remove the Incomplete by the end of the next full semester after it is received. The student granted a bona fide I by his/her instructor may have the next full semester to complete the work necessary to erase the I before it is computed as an F. Thereafter, it shall be computed as an F until changed by the original instructor as a result of student action within one academic year. If the work is not completed within that time, the I shall become a permanent F on the student’s academic record. The student need not be enrolled to remove the I.

Auditor. Students may audit courses subject to the approval of the adviser and of the instructor whose class is visited. Instructors have the authority to drop a student who is auditing if the student does not satisfy the requirements as outlined by the instructor when permission is granted to audit a course. Auditors may take part in laboratory or field work only by permission of the instructor, consistent with departmental policy. Students not registered for credit courses may be admitted as auditors only with the consent of the dean of the college in which the course is offered. Auditors are required to register,

process appropriate paperwork, and pay the regular fees prior to the end of the period designated for adding courses. An AU will be assigned instead of a grade.

Other Grades. NR (not reported) is assigned if an instructor does not report a grade by the administrative deadline. The NR will calculate the same as an Incomplete. P (pass) designates a passing grade without further indication of performance level. The grade of P is also used to indicate satisfactory progress on graduate thesis and problems courses in lieu of thesis. PP (portfolio passed) is assigned to portfolio credit that has been awarded. Portfolio credit is limited to the B.U.S. degree area of interest and calculates the same as a P. PP credit does not count toward University of Tennessee at Martin hours, nor toward four-year institutional hours. When the Faculty Senate has approved extension of a one-semester course beyond one semester and the college cannot assign proportional credit and grades, the grade of SP (Self-Paced) may be recorded. The SP grade will be assigned to students not completing all required coursework for the semester, but satisfactorily completing a specified minimum percentage of the coursework. The minimum for each course will be determined by the department offering the course but will not be less than 50 percent of the work required for the full semester. A student receiving an SP grade will reregister for the same course and will be required to finish the remaining coursework during the second semester, at the end of which he/she will receive grades of A, B, C, D, or F. If a student receives an F after the second semester, he/she may register for the course a third time but must finish all work during that semester. If a student does not reregister for the course in which he/she received an SP grade, or if he/she does not return to UT Martin the next semester, he/she will receive an F at the end of that semester. The SP grade will not compute in the cumulative average. An S (satisfactory) grade will be assigned at the end of the first semester for a course which requires two semesters to complete. The hours credit will be counted in the course load but will not be counted in computing the grade point average for the first semester. To receive credit in a course for which an S grade has been assigned, the student must reregister for the same course during the next semester. At the end of the second semester, the student will receive a grade of P (Pass) or F (Failure). Use of the S grade is limited to Honors Seminar 108-208-308-408 (Honors Seminar).

Repeating Courses. A student may repeat a course in which he/she had earned a grade of D or F. Effective for courses taken beginning summer 1999, when a course is repeated, only the last grade earned will be counted in computing the GPA and in fulfilling requirements for a degree. A student who had earned A or B in a course will be allowed to re-enroll in that course only as an auditor – any exception to this policy will require approval by the vice chancellor for academic affairs. A student earning C in a course may repeat the course with the approval of his/her adviser. Courses with an earned grade of A, B, or C that are repeated with approval will be evaluated by the same procedure as given for repeated courses with the grade of D or F.

Examinations. Examinations are held at the end of each semester.

Grade Appeal

Students who wish to appeal a grade that is alleged to be lower than that academically earned must initiate the process within the first three weeks of the next semester.

The aggrieved student shall first discuss the matter with the teacher involved to see if there is some error or misunderstanding which can be resolved between them.

Failing this, the student may take the matter to the department chair. See the Student Handbook for detailed information.
