## Major Requirements for B.A. and B.S.

Each student in a Bachelor of Arts or Bachelor of Science degree program must complete a major program of study consisting of not less than 18 semester hours of upper-division courses (up to six hours of these courses may be replaced by lower-division work in certain departments). A minimum grade of C (2.00) must be made in every course offered for the major, exclusive of lower-division prerequisites. Required and elective courses taken for pass/fail (P/F) where a P is recorded will count as satisfying the minimum-grade requirement. Transfer students must earn at least six hours in the major while in residence at The University of Tennessee at Martin. Requirements for the major are specified by the individual departments. Certain majors may also require a student to complete a minor program of study. (See individual departmental listings.)

For information on preparation for **legal study** or **pre-theological study**, see the Department of History and Philosophy section. For information on **pre-professional curricula** in the health sciences, see the College of Engineering and Natural Sciences section.

## **Bachelor of University Studies (0100)**

The Bachelor of University Studies (B.U.S.) is an individualized degree program. Created to meet the needs of working adults and others whose educational objectives are unmet by the traditional degree programs, the B.U.S. is a self-designed general studies degree in which students choose those academic courses which best meet their career goals. There are no specific course requirements beyond 38 hours in “core” courses, and students may receive up to 30 hours of academic credit for previous non-college learning experiences. The B.U.S. is a full, four-year baccalaureate degree that complies with all university requirements.

The student interested in the B.U.S. option prepares an individualized degree program in consultation with a faculty adviser whose educational and professional background is related to the student's programmatic goal. The entire program must be approved in writing by the Vice Chancellor for Academic Affairs (or designate). Copies must be filed with the university registrar, the vice chancellor's designate, the faculty adviser, and the student prior to accumulation of 90 earned hours toward the degree. It then becomes the student's official Program of Study. Any modification to the student's program must be approved by the Online and University Studies Council.

If a student is a first-time transfer or is readmitted after one academic year and has already earned 90 hours, the requirement to submit a degree plan prior to earning 90 hours is waived but the student must file a degree plan their first semester at UT Martin.

Students who are seeking the online BUS degree and still need courses not offered online by UT Martin to meet the graduation requirements, may take up to 16 credit hours at another accredited institution within their last 30 hours under these conditions:

1. Create a plan of courses with approval of advisor and Online University Studies Council.
2. Submit plan of courses to Office of Academic Records for approval by Registrar prior to enrolling in course(s) at another regionally accredited institution.
3. Courses in plan are not offered online through UT Martin.

### **Graduation Requirements**

Credits required for graduation.....	120
Minimum credits in upper-division courses (18 hours in Area of Interest) .....	36
Minimum credits at UT Martin .....	30
Minimum credits at an accredited 4-year institution .....	60

### **Specific Curricular Requirements**

- I. **General Education** (38)
  - A. Biological and Physical Systems (8)
  - B. Communications (9)
  - C. Fine Arts (Aesthetics) (3)
  - D. Humanities (9)
  - E. Mathematics (3)
  - F. Social & Behavioral Sciences (6)
- II. **Area of Interest** (42-54)

This portion of the student's program provides for the in-depth examination of some area of study. In traditional terms, it would comprise the courses of the major and the minor or the courses of the major plus an integrated cluster of related and supportive courses. The Area

of Interest will include no fewer than 42 semester hours and no more than 54 semester hours. A minimum of 18 upper division hours is required within the Area of Interest. No more than 36 semester hours in one discipline may be used within the Area of Interest and no more than 50 hours in one discipline counted toward the degree. The student must earn a grade of "C" or better in all courses offered for the Area of Interest.

III. **Experiential Credit (0-30)**

While not required, students may be awarded up to 30 hours credit for learning that has taken place in settings other than the college classroom or laboratory. Examples of non-college learning that can be converted into college credit include real estate schools, banking institutes, military training, business programs, law enforcement academies, fire and safety institutes, technical/vocational certificates, seminars, workshops, in-service training, or formal job training. A portfolio, documenting all experiential learning for which credit is sought, will be presented by the student. At the time of submission of the portfolio, the student will be required to pay a \$300 charge per subject area. Submission and award of any credit must be prior to student's last 30 hours. An evaluation team will be appointed to evaluate the portfolio and may recommend to the Online University Studies (OUS) Council that the student receive from 0-12 hours credit. Credit for up to 18 additional hours, or any upper-division hours, may only be awarded by the Undergraduate Council. If experiential credit is awarded, it becomes part of the student's university transcript; it may not substitute for any general education requirement and it may be applied only to the Bachelor of University Studies degree. Portfolio credit does not fulfill minimum credits at the University of Tennessee at Martin, nor does it apply toward four-year institutional hours.

IV. **Electives (28-40)**

Sufficient electives must be taken to bring the total credits for the program to 120 semester hours.
