Meghan Cunningham Corvin was named the University of Tennessee Martin's first head equestrian coach in the spring of 2005. Corvin helped transition equestrian at the university from club to varsity sport. The team has been selected to participate in the Varsity Equestrian National Championship every year since the program's existence and in 2010, the team was seeded 7th. The 2009-2010 season record was 8-6. Prior to joining the Skyhawk family, Corvin was an assistant coach at Kansas State University for four years. While at Kansas State, Corvin led the hunter seat squad to three regional championships (2003-2005), one zone championship (2003) and two national appearances (2003, 2005). During 2005, the hunter seat squad placed sixth at Varsity Championships and seventh at IHSA Nationals. Under Corvin's leadership, 11 individual riders qualified for national competition, including three high-point riders for competition in the Cacchione Cup.

Ashley Thompson served as an assistant coach at New Mexico State for almost three years before coming to UT Martin. She led the team to a third place-finish in the 2007 national championship. New Mexico State was the only program to have a single rider selected to compete in both Horsemanship and Reining for the Individual National Championship in 2009. Thompson started riding horses when she was 11 years old. As a student-athlete at Texas A&M, she competed for the Aggies at the nationals in Open Horsemanship two consecutive years in which the Aggies won two national championships. Thompson was a two-time American Quarter Horse Youth World Qualifier in Horsemanship, Hunt Seat Equitation and Showmanship and a two-time American Quarter Horse Congress Finalist in Hunt Seat Equitation and Horsemanship. She also earned superior honors in Showmanship in 1999.

Skyhawk Equestrian Team will serve as camp counselors & demonstration teachers.

UT Martin Equestrian Camp

Participants will get to experience a day in the life of a skyhawk equestrian. The camp will include an opportunity to ride horses that the team uses for practices and competitions as well as instruction from the coaching staff. Athletes will gain knowledge on what to expect as a student athlete and the requirements to be eligible per NCAA. We will also explore the different formats available in collegiate equestrian. Participants will be housed in the University of Tennessee at Martin dorms and familiarity of becoming a student athlete.
