

2007-2008 HFA Student Travel Grant

In the College of Humanities and Fine Arts we think all students should leave college with exposure to new regions and new cultures, so we particularly wish to support international academic experiences. To this end, the College is proud to provide limited financial support for student academic study.

Students applying for a travel-study grant need to present a copy of the syllabus and of the itinerary for the course along with a letter of application. The letter should explain why the student is applying for the scholarship and what he or she hopes to gain from the travel experience. Preference will go to students participating in five-week language immersion programs and students traveling on qualifying trips to non-English-speaking regions.

Decisions on travel study awards will be made by the dean.

Minimum Requirements:

Students must:

- * Possess a verifiable major in the College of Humanities and Fine Arts
- * Have a 3.0 overall GPA and be in good academic standing
- * Obtain sponsoring faculty endorsement
- * Be registered for academic credit from an HFA department

Further:

- * Travel must be sponsored by an HFA academic unit and be led by HFA faculty
- * Students may receive the HFA travel grant only once.
 - * Students who receive the HFA travel grant must return all funds if they do not complete course requirements; failure to do so will prevent graduation.

Please return application materials to the Office of the Dean, College of Humanities and Fine Arts, 225 Humanities Building.

For information regarding this grant contact Dr. David Coffey, Interim HFA Dean, at dcoffey@utm.edu.
