\*The BS requirement for Foreign Language is that you complete the 122 course. If you need the 111 or 115 course to be ready for the 122 course (as is typically the case), this course will be necessary.

\*\*If you choose to take COMM 355, it should be taken in Spring – during the same semester as COMM 360.

\*\*\*Our majors are required to complete a minor. The number of hours required varies per minor, but it's typically 18 hours.

**NOTE** that your individual situation may vary, but this is a fairly "typical" path. In any case, your specific plan will be prepared ONLY after careful consultation with your adviser. This plan is not binding. It does provide a framework for your academic career with us.
