

Connecting to UTM-SkyNet with Mac OS X

Click your AirPort and select UTM-SkyNet from the list of available SSID's

You will be prompted for Username and Password.

Your username is your lab login. You will need to add mar-ut-lab\ to it as pictured above. The password is your lab password. Click OK.

You should now be connected to UTM-SkyNet. If your computer is registered in campus manager then you can now browse the internet. If not you'll need to open your web browser and follow the instructions to register with campus manager.
