

MASTER OF SCIENCE IN EDUCATION  
 WITH A MAJOR IN TEACHING FOR INITIAL LICENSURE (ELEMENTARY & SECONDARY)  
 "EDUCATORS AS FACILITATORS OF LEARNING"

2009-2010

The Master of Science in Education with a Major in Teaching for Initial Licensure Program is available for those students who have obtained a baccalaureate degree from an accredited college or university and wish to obtain a teaching license. The Graduate Faculty has adopted the theme, "Educators As Facilitators of Learning," to represent its goal in continuing an educator's professional development. The advanced initial licensure program goals and conceptual framework are depicted as three keys that the graduate faculty feels will unlock each candidate's potential. They are: **Key 1 Knowledge, Skills and Application, Key 2 Reflective Practice, and Key 3 Professional and Ethical Behavior.** Inherent within each key component are outcomes that the candidate is expected to master upon completion of their individual program. These keys are linked together by the faculty's commitment to diversity, technology, and assessment.

\*Special Education 300/500 or equivalent is a prerequisite for this course. Students having credit in SPED 440 or equivalent must choose another special education course at 600 or 700 level.]

**Total Minimum Hours Required for M.S. Degree** **42**

Note: All students in the MSIL program should contact Education Student Services for a transcript evaluation during their first semester of enrollment to determine which undergraduate courses will be required to meet licensure requirements. Admission to teacher education program is required of candidates for the Master of Science in Education with Initial Licensure. It is important that each student work closely with their advisor to ensure compliance with teacher education admission requirements. The candidate is required to pass a written comprehensive examination during the semester of graduation.
