Did everyone discuss the "draft" rotation that Sandy sent out and come to a consensus? I know Becky had some concern about the models. Also, I'm concerned about only offering EDLD 780 in spring only. I'm thinking that will cause problems for folks because it has to be taken in last semester and not everyone will graduate in spring. I feel that we need to get a final rotation before fall so we can make sure everyone is advised accordingly. Also, we have to submit fall schedule next week so this would be really helpful. I'm updating webpages and will be updating checksheets. I really would like this rotation in both locations to help everyone plan ahead. What are your thoughts? Have I misunderstood about the practicum? Thanks. Staci
