INTRODUCTION

Overview
This guide is to help you understand your insurance options. Read the information in this guide and make sure you know the rules.

Benefits Administration within the Department of Finance and Administration manages the group insurance program. Three separate groups receive benefits. The State Plan includes employees of state government and higher education. The Local Education Plan is available to local K-12 school systems. The Local Government Plan is available to local government agencies that choose to participate.

If you are eligible, you may enroll in health, dental, vision, optional life and long-term care coverages.

There are other handbooks that explain benefit details. You may obtain a copy of those books from your agency benefits coordinator or from the Benefits Administration website.

For More Information
Your agency benefits coordinator is your primary contact. This person is usually located in your human resource office. He or she is available to answer benefit questions and can provide you with forms and insurance booklets.

Authority
The State Insurance Committee sets benefits and premiums. The committee is authorized to (1) add, change or end any coverage offered through the state group insurance program; (2) change or discontinue benefits; (3) set premiums and (4) change the rules for eligibility at any time, for any reason.

State Insurance Committee
- Commissioner of Finance and Administration (Chairman)
- State Treasurer
- Comptroller of the Treasury
- Commissioner of Commerce and Insurance
- Commissioner of Human Resources
- Two members elected by popular vote of general state employees
- One higher education member selected under procedure established by the Tennessee Higher Education Commission
- One member from the Tennessee State Employees Association selected by its Board of Directors

Certain state and federal laws and regulations, which may be amended or the subject of court rulings, apply to the group insurance program. These laws, regulations and court rulings shall control over any inconsistent language in this guide.
ELIGIBILITY AND ENROLLMENT

Employee Eligibility
The following employees are eligible to enroll in coverage:
• Full-time employees regularly scheduled to work at least 30 hours per week
• Seasonal employees with 24 months of service and certified by their appointing authority to work at least 1,450 hours per fiscal year, (July–June)
• All other individuals cited in state statute, approved as an exception by the State Insurance Committee or defined as full-time employees for health insurance purposes by federal law

Employees NOT Eligible to Participate in the Plan
Individuals who do not meet the employee eligibility rules outlined above, including:
• Individuals performing services on a contract basis
• Individuals in positions that are temporary appointments

Unless they otherwise meet the definition of an eligible employee under applicable state or federal laws or by approval of the State Insurance Committee.

Dependent Eligibility
If you enroll in health, vision or dental coverage, you may also enroll your eligible dependents. You or your spouse must be enrolled in optional term life in order to add a child term rider to the coverage. You do not have to be enrolled in long-term care to enroll your eligible dependents.

If you are enrolling dependents, you must provide proof of eligibility when you apply for coverage. The following dependents are eligible for coverage:
• Your spouse (legally married) — Article XI, Section 18 of the Tennessee Constitution provides that a marriage from another state that does not constitute the marriage of one man and one woman is “void and unenforceable in this state”
• Natural or adopted children
• Stepchildren
• Children for whom you are the legal guardian
• Children for whom the plan has qualified medical child support orders

All dependents must be listed by name on the enrollment application. Proof of the dependent’s eligibility is also required. Refer to the dependent definitions and required documents chart included on the enrollment application for the types of proof you must provide. A dependent can only be covered once within the same plan, but can be covered under two separate plans (state, local education or local government). Dependent children are eligible for coverage through the last day of the month of their 26th birthday.

Children who are mentally or physically disabled and not able to earn a living may continue coverage beyond age 26 if they were disabled before their 26th birthday and they were already insured under the state group insurance program. The child must meet the requirements for dependent eligibility listed above. A request for extended coverage must be provided to Benefits Administration within 60 days before the dependent’s 26th birthday. The insurance carrier will decide if a dependent is eligible based on disability. Coverage will end and will not be restored once the child is no longer disabled.
A newly hired employee can choose coverage for his/her spouse as a dependent when that spouse is an eligible employee who declined coverage when first eligible. The employee spouse will have dependent status unless he or she requests to change during the annual enrollment period or later qualifies under the special enrollment provisions.

**Individuals Not Eligible for Coverage as a Dependent**
- Ex-spouse (even if court ordered)
- Parents of the employee or spouse (with the exception of long-term care)
- Foster children
- Children over age 26 (unless they meet qualifications for incapacitation/disability)
- Live-in companions who are not legally married to the employee

**Enrollment and Effective Date of Coverage**
As a new employee, your eligibility date is your hire date. You must complete enrollment within 31 days after your hire date. Coverage starts on the first day of the month after your hire date.

State plan employees in the 1,450 hour category must apply within one full calendar month after meeting the 24-month requirement.

If you are a part-time employee and gain full-time status, your coverage will start the first day of the month after gaining full-time status or you may choose the next month for coverage to start. You must complete one full calendar month of employment. Application must be made within one full calendar month after becoming eligible.

You must be in a positive pay status on the day your coverage begins. If you do not enroll in health coverage by the end of your enrollment period you must wait for the annual enrollment period, unless you have a qualifying event under the special enrollment provisions during the year. Refer to the special enrollment provisions section of this guide for more information.

A dependent’s coverage starts on the same date as yours unless newly acquired. Application to add a newly acquired dependent must be submitted within 60 days of the acquire date. Family coverage based on enrolling newly acquired dependent children due to birth, adoption or legal custody must begin on the first day of the month in which the event occurred and the children shall be eligible for coverage on the date they were acquired. Coverage for an adopted child begins when the child has been adopted or has been placed for adoption. If enrolled in single coverage and adding a newly-acquired spouse, you may choose to begin family coverage on the first day of the month in which your spouse was acquired or the first day of the following month. Depending on the date you choose, your newly-acquired spouse will be covered beginning with the acquire date (date of marriage) or the first day of the following month.

An insurance card will be mailed to you three to four weeks after your application is processed. You may call the insurance carrier to ask for extra cards or print a temporary card from the carrier’s website.

**Choosing a Premium Level (Tier)**
There are four premium levels for health, dental and vision coverage to choose from depending on the size of your family.
- Employee Only
- Employee + Child(ren)
- Employee + Spouse
- Employee + Spouse + Child(ren)
If you enroll as a family in the second, third or fourth premium level, all of you must enroll in the same health, dental and vision options. However, if you are married to an employee who is also a member of the state, local education or local government plan, you can each enroll in employee only coverage if you are not covering dependent children. If you have children, one of you can choose employee only and the other can choose employee + child(ren). Then you can each choose your own benefit option and carrier.

If you are in the state plan and your spouse is also in the state plan, you both may want to think about choosing coverage as the head of contract. State plan employees can get a higher level of life insurance coverage as the head of contract. Refer to the available benefits section of this guide for more information.

**Premium Payment**

For state and higher education employees, the state pays about 80 percent of the cost of your health insurance premium if you are in a positive pay status or on approved family medical leave. If you are approved for workers compensation and receiving lost-time pay, the state pays the entire health insurance premium. Insurance premiums are taken from the paycheck you get at the end of each month to pay for the next month's coverage. Optional coverages, such as dental, get no state support and you must pay the total premium.

The plan permits a 30-day deferral of premium. If the premium is not paid at the end of that deferral period, coverage will be canceled back to the date you last paid a premium. There is no provision for restoring your coverage.

Premiums are not prorated. You must pay the premium for the entire month in which the effective date occurs.

**Adding New Dependents**

An enrollment application must be completed within 60 days of the date a dependent is acquired. The “acquire date” is the date of birth, marriage, or, in case of adoption, when a child is adopted or placed for adoption. Premium changes start on the first day of the month in which the dependent was acquired or, the first of the next month, depending on the coverage start date.

An employee’s child named under a qualified medical support order must be added within 40 days of the court order.

If adding dependents while on single coverage, you must request the correct family coverage tier for the month the dependent was acquired so claims are paid for that month. This change is retroactive and you must pay the premium for the entire month the dependent is insured.

To add a dependent more than 60 days after the acquire date the following rules apply based on the type of coverage you currently have.

**If you have single coverage**

- The new dependent can enroll if they have a qualifying event under the special enrollment provisions or during the annual enrollment period.

**If you have family coverage**

- The new dependent can enroll if they have a qualifying event under the special enrollment provisions or during the annual enrollment period.
• The new dependent can also enroll if the level of family coverage you had on the date the dependent was acquired was sufficient to include that dependent without requiring a premium increase. You must have maintained that same level of family coverage without a break. The dependent’s coverage start date may go back to the acquire date in this case.

More information is provided under the special enrollment provisions section of this guide.

**Updating Personal Information**

State employees can update information, such as home address, in Edison or by contacting your agency human resource office. Higher education employees can also update information in Edison or contact your agency benefits coordinator to report address changes. Also, you may call the Benefits Administration service center to request an address change. You will be required to provide the last four digits of your social security number, Edison ID, date of birth, previous address and confirm authorization of the change before our office can update your information. **It is your responsibility to keep your address and phone number current with your employer.**

**Annual Enrollment Period**

During the fall of each year, benefit information is mailed to you. Review this information carefully to make the best decisions for you and your family members. The enrollment period gives you another chance to enroll in health, dental, vision and optional accidental death coverage and apply for optional term life coverage. You can also make changes to your existing coverage, like increasing or decreasing optional term insurance, transferring between health, dental and vision options and canceling coverage.

Most changes you request start the following January 1. However, optional term life coverage may start January 1, February 1 or March 1.

Benefit enrollments remain in effect for a full plan year (January 1 through December 31). You may not cancel coverage outside of the enrollment period unless eligibility is lost or there is a qualifying change or event. For more information, see the section on canceling coverage in this guide.

**Canceling Coverage**

Outside of the annual enrollment period, you can only cancel health, dental and/or vision coverage for yourself and/or your covered dependents, IF:

• You lose eligibility for the state group insurance program (e.g., changing from full-time to part-time)
• You experience a special qualifying event, family status change or other qualifying event as approved by Benefits Administration

You must notify your agency benefits coordinator of any event that causes you or your dependents to become ineligible for coverage. You must repay any claims paid in error. Refunds for any premium overpayments are limited to three months from the date notice is received.

When canceled for loss of eligibility, coverage ends the last day of the month eligibility is lost. For example, coverage for adopted children ends when the legal obligation ends. Insurance continued for a disabled dependent child ends when he/she is no longer disabled or at the end of the 31-day period after any requested proof is not given.

For a divorce or legal separation, you cannot remove your spouse unless your spouse or the court gives permission, until occurrence of one of the following:

• The final divorce decree is entered
• The order of legal separation is entered
The petition is dismissed
The parties reach agreement
The court modifies or dissolves the injunction against making changes to insurance

You may only cancel coverage for yourself and/or your dependents in the middle of the plan year if you lose eligibility or you experience an event that results in you becoming newly eligible for coverage under another plan. There are no exceptions. You have 60 days from the date that you and/or your dependents become newly eligible for other coverage to turn in an application and proof to your agency benefits coordinator. The required proof is shown on the application. Events that might result in becoming newly eligible for coverage elsewhere are:

- Marriage
- Adoption/placement for adoption
- New employment (self or dependents)
- Return from unpaid leave
- Entitlement to Medicare, Medicaid or TRICARE
- Birth
- Divorce or legal separation
- Court decree or order
- Open enrollment
- Change in place of residence or work out of the national service area (i.e., move out of the U.S.)
- Change from part-time to full-time employment (spouse or dependents)

Once your application and required proof are received, the coverage end date will be either:

- The last day of the month before the eligibility date of other coverage
- The last day of the month that the event occurred
- The last day of the month that documentation is submitted (to cancel prepaid dental)

**Transferring Between Plans**

Members eligible for coverage under more than one state-sponsored plan may transfer between the state, local education and local government plans. You may apply for a transfer during the plan's designated enrollment period with an effective date of January 1 of the following year. In no case may you transfer to another state-sponsored plan and remain on your current plan as the head of contract.

**If You Don’t Apply When First Eligible**

If you do not enroll in health coverage when you are first eligible, you must wait for the annual enrollment period. You can also apply during the year through special enrollment due to certain life events.

**Special Enrollment Provisions**

The Health Insurance Portability Accountability Act (HIPAA) is a federal law. It allows you to enroll in a group health plan due to certain life events. The state group insurance program will only consider special enrollment requests for health, dental and/or vision coverage.

An employee experiencing one of the events below may enroll in employee only or family coverage. Previously eligible dependents (those who were not enrolled when initially eligible and are otherwise still eligible) may also be enrolled.

- A new dependent spouse is acquired through marriage
A new dependent newborn is acquired through birth
A new dependent is acquired through adoption or legal custody

You must make the request within 60 days of acquiring the new dependent. You must also submit proof, as listed on the enrollment application, to show:
- The date of the birth
- The date of placement for adoption
- The date of marriage

The above events are ONLY subject to special enrollment IF you want to use the event to enroll yourself or you already have coverage and want to add other previously eligible dependents at the same time as the new dependent. If you already have coverage and only want to add a newly acquired dependent, this is treated as a regular enrollment.

Options for coverage start dates due to the events above are:
- Day on which the event occurred if enrollment is due to birth, adoption or placement for adoption
- Day on which the event occurred or the first day of the next month if enrollment is due to marriage

Other events allow enrollment based on a loss of coverage under another plan:
- Death of a spouse or ex-spouse
- Divorce
- Legal separation
- Loss of eligibility (does not include loss due to failure to pay premiums or termination of coverage for cause)
- Termination of spouse or ex-spouse's employment
- Employer ends total premium support to the spouse's, ex-spouse's or dependent's insurance coverage (not partial)
- Spouse's or ex-spouse's work hours reduced
- Spouse maintaining coverage where lifetime maximum has been met
- Loss of TennCare (does not include loss due to non-payment of premiums)

Applications for the above events must be made within 60 days of the loss of the insurance coverage.

You must submit proof as listed on the enrollment application to show ALL of the following:
- A qualifying event has occurred
- You and/or your dependents were covered under another group health plan at the time of the event
- You and/or your dependents may not continue coverage under the other plan

If enrolling due to loss of coverage under another plan, options for coverage start dates are:
- The day after the loss of other coverage, or
- The first day of the month following loss of other coverage

Important Reminders
- If enrolling dependents who qualify under the special enrollment provisions, you may choose to change to another carrier or health option, if eligible
- If you or your dependents had COBRA continuation coverage under another plan and coverage has been exhausted, enrollment requirements will be waived if application is received within 60 days of the loss of coverage
- Loss of eligibility does not include a loss due to failure of the employee or dependent to pay premiums on a timely basis or termination of coverage for cause
CONTINUING COVERAGE DURING LEAVE OR AFTER TERMINATION OF EMPLOYMENT

Extended Periods of Leave

Family and Medical Leave Act (FMLA)
FMLA allows you to take up to 12 weeks of leave during a 12-month period for a serious illness, the birth or adoption of a child, or caring for a sick spouse, child or parent. If you are on approved family medical leave, you will continue to get state support of your health insurance premium. Initial approval for family and medical leave is up to each agency head. You must have completed a minimum of 12 months of employment and worked 1,250 hours in the 12 months immediately before the onset of leave. Cancellation due to failure to pay premiums does not apply to FMLA.

Leave Without Pay — Health Insurance Continued
If continuing coverage while on an approved leave of absence you must pay the total monthly health insurance premium once you have been without pay for one full calendar month. You will be billed at home each month for your share and the employer’s share. The maximum period for a leave of absence is two continuous years. At the end of the two years, you must immediately report back to work for no less than one full calendar month before you can continue coverage during another leave of absence. If you do not immediately return to work at the end of two years of leave, coverage is canceled and COBRA eligibility will not apply.

Leave Without Pay — Insurance Suspended
You may suspend coverage while on leave if your premiums are paid current. All insurance programs are suspended, including any optional coverages, with the exception of the $20,000 basic term life and the $40,000 basic accidental death coverages provided at no cost to all eligible employees. You may reinstate coverage when you return to work. If canceled for nonpayment, you must wait for the next annual enrollment period to re-enroll unless you have a qualifying event under the special enrollment provisions during the year.

To Reinstatement for Military Personnel Returning from Active Service
An employee who returns to work after active military duty may reinstate coverage on the earliest of the following:
- The first day of the month, which includes the date discharged from active duty
- The first of the month following the date of discharge from active duty
• The date returning to active payroll
• The first of the month following return to the employer’s active payroll

If restored before returning to the employer’s active payroll, you must pay 100 percent of the total premium. In all instances, you must pay the entire premium for the month.

Reinstatement of coverage is not automatic. Military personnel must re-apply within 90 days from the end of leave.

**Leave Due to a Work-Related Injury**

If you have a work-related injury or illness, contact your benefits coordinator about how this will affect your insurance. You must keep insurance premiums current until you receive a notice of lost-time pay from the Division of Claims Administration. You will receive a refund for any health insurance payments you make once you receive notice.

If approved for lost-time pay, only the premium for health insurance is paid by your agency. You must pay the premium for any optional coverages on a monthly basis. You are responsible for 100 percent of the premium when lost-time pay ends if you do not have any paid leave.

All benefits paid by the plan for work-related injury or illness claims will be recovered. This means that you are required to repay all claims paid related to a work-related injury.

**Termination of Employment**

Your insurance coverages end when your agency terminates your employment and the information is sent to Benefits Administration. A COBRA notice to continue health, dental and/or vision coverage will be mailed to you. Life insurance conversion notices will also be mailed, if applicable.

In the event that your spouse is also insured as a head of contract under either the state, local education or local government plan, you have the option to transfer to your spouse's contract as a dependent. Application must be made within one full calendar month of your termination of employment.

**Continuing Coverage through COBRA**

You may be able to continue health, dental and/or vision coverage under the Consolidated Omnibus Budget Reconciliation Act. This is a federal law known as COBRA. This law allows employees and dependents whose insurance would end to continue the same benefits for specific periods of time. Persons may continue health, dental or vision insurance if:

• Coverage is lost due to a qualifying event (refer to the COBRA brochure on our website for a list of events)
• You are not insured under another group health plan as an employee or dependent

Benefits Administration will send a COBRA packet to you. It will be sent to the address on file within 7-10 days after your coverage ends. Make sure your correct home address is on file with your agency benefits coordinator. You have 60 days from the date coverage ends or the date of the COBRA notice, whichever is later, to return your application to Benefits Administration. Coverage will be restored immediately if premiums are sent with the application. If you do not receive a letter within 30 days after your insurance ends, you should contact Benefits Administration.
Continuing Coverage at Retirement
Members who meet the eligibility rules may continue health insurance at retirement for themselves and covered dependents until eligible for Medicare. For service retirement a minimum of ten years employment is required. To continue coverage as a retiree, you must submit an application within one full calendar month of the date active coverage ends. A member cannot have retiree coverage and keep active coverage as an employee in the same plan. Information on the eligibility requirements can be found in the guide to continuing insurance at retirement available on the Benefits Administration website.

Coverage for Dependents in the Event of Your Death

If You Are an Active Employee
Your covered dependents will get six months of health coverage at no cost. After that, they may continue health coverage under COBRA for a maximum of 36 months as long as they remain eligible. If your spouse will be receiving your TCRS retirement benefit, he or she may be eligible to continue insurance as a retiree in lieu of COBRA. The surviving spouse should contact the agency benefits coordinator or Benefits Administration to confirm eligibility. Dental and vision insurance will terminate at the end of the month of the death of the employee. However, continuation of coverage through COBRA will be available. The dependents may be able to convert life insurance to a direct-pay basis.

If You Are a Covered Retiree
Your covered dependents will get up to six months of health coverage at no cost. Dependents may apply to continue to be covered as long as they continue to meet eligibility rules.

If You Die in the Line of Duty
Your covered dependents will get six months of health coverage at no cost. After that, they may continue health coverage only at an active employee rate until they become eligible for other insurance coverage or they no longer meet the dependent eligibility rules.

If You Are Covered Under COBRA
Your covered dependents will get up to six months of health coverage at no cost. After that, they may continue health coverage under COBRA if they remain eligible. Coverage may be continued under COBRA for a maximum of 36 months.

Line-of-duty — An employee on the job in a positive pay status; as determined by the State Division of Claims Administration in the Department of Treasury.
**AVAILABLE BENEFITS**

**Health Insurance**

You have a choice of two health insurance options:

- Partnership PPO
- Standard PPO

PPO stands for preferred provider organization. With a PPO, you can see any doctor you want. However, the PPO has a list of doctors, hospitals and other healthcare providers that you are encouraged to use. These providers make up a network. You can visit any doctor or facility in the network. These providers have agreed to take lower fees for their services. The cost is higher when using out-of-network providers.

The PPOs cover the same services, treatments and products, including the following:

- In-network preventive care, x-ray, lab and diagnostics at no cost
- Primary and specialist doctor office visits for a fixed copay without having to meet a deductible
- Prescription drugs for a fixed copay without having to meet a deductible
- Both have deductibles and coinsurance for certain services such as hospitalization, therapy, durable medical equipment, advanced imaging and ambulance
- Both have out-of-pocket maximums to limit your costs

**Partnership Promise**

There is one important difference between the Partnership PPO and the Standard PPO. The Partnership PPO rewards members with lower costs because they have agreed to take steps to improve their health. These steps are called the Partnership Promise. Partnership PPO members promise to take steps in exchange for lower health insurance rates and lower costs for services. In return, you will pay less than you would with the Standard PPO. In general, the goal of the Partnership Promise is to help you get and stay healthy.

The Partnership Promise is an annual commitment. In order to remain in the Partnership PPO, you must meet your commitment each year. When you sign the enrollment application or enroll through employee self-service (ESS) you are agreeing to fulfill the Partnership Promise requirements each year you are enrolled in the Partnership PPO. You will not be required to sign a new promise each year. You and all eligible family members must enroll in the same PPO. If you choose the Partnership PPO, your dependent spouse must also agree to the Partnership Promise. Children are not required to take action.

By agreeing to the Partnership Promise in 2015, you (and your covered spouse) are making a specific commitment to do the following **within 120 days of the day your insurance coverage begins**:

- Complete the online Healthways Well-Being Assessment
- Get a biometric screening from your healthcare provider (you can use screening results from a doctor’s visit within the last 12 months)

Note: to access the assessment and physician screening form, visit partnersforhealthtn.gov and click on the Partnership Promise link for more information.

</tbody>
</table>

No single family member will be subject to a deductible or out-of-pocket maximum greater than the "employee only" amount. Once two or more family members (depending on premium level) have met the total deductible and/or out-of-pocket coinsurance maximum, it will be met by all covered family members. Only eligible expenses will apply toward the deductible and out-of-pocket maximum. Charges for non-covered services and amounts exceeding the maximum allowable charge will not be counted.

[1] Subject to maximum allowable charge (MAC). The MAC is the most a plan will pay for a service from an in-network provider. For non-emergent care from an out-of-network provider who charges more than the MAC, you will pay the copay or coinsurance PLUS difference between MAC and actual charge.

[2] The following behavioral health services are treated as “inpatient” for the purpose of determining member cost-sharing: residential treatment, partial hospitalization and intensive outpatient therapy. For certain procedures, such as applied behavioral analysis, electroconvulsive therapy, transcranial magnetic stimulation and psychological testing, prior authorization (PA) is required.

[3] Prior authorization (PA) required. When using out-of-network providers, benefits for medically necessary services will be reduced by half if PA is required but not obtained, subject to the maximum allowable charge. If services are not medically necessary, no benefits will be provided. (For DME, PA only applies to more expensive items.)

Dental Insurance

Dental coverage is available to all state and higher education employees and their dependents. You must pay 100 percent of the premium if you elect this coverage. Two options are available—a prepaid plan (Assurant) and a preferred dental organization (PDO) plan (Delta Dental).

In the prepaid plan, you must select from a specific group of dentists. Under the PDO plan, you may visit the dentist of your choice; however, members get maximum savings when visiting a network provider. Both dental options have specific rules for benefits such as exams and major procedures, and have a four-tier premium structure just like health insurance.

You can enroll in dental coverage as a new employee or during the annual enrollment period. You may also enroll if you have a special qualifying event. You do not have to be enrolled in health coverage to be eligible for dental insurance.

Prepaid Plan (Assurant)
- Must select a network provider for each covered family member
- Major services at predetermined copayments
- No claim forms
- Preexisting conditions are covered
- No maximum benefit levels
- No deductibles
- No charge for oral exams, routine semiannual cleanings, most x-rays and fluoride treatments; however, an office visit copay will apply

PDO Plan (Delta Dental)
- Use any dentist
- $1,500 calendar year benefit maximum per person
- $0 calendar year deductible per individual in-network, $100 per individual out-of-network
- You or your dentist will file claims for covered services
- Benefits for covered services paid at the lesser of the dentist charge or the scheduled amount
- Some services require waiting periods of up to one year and limitations and exclusions apply
- Lifetime benefit maximum of $1,250 for orthodontia

MAC—Maximum Allowable Charge (maximum amount of charge agreed to by dentist)
The benefits listed are a sample of the most frequently utilized dental treatments. Refer to vendor materials for complete information on coverage, limitations and exclusions.

[^1]: Members are responsible for additional lab fees for these services.
[^2]: The orthodontics lifetime maximum is for a dependent member enrolled in the state group dental insurance program even if the member has been covered under different employing agencies.
[^3]: A charge of $20 may apply for a missed appointment when the member does not cancel at least 24 hours prior to the scheduled appointment.
[^4]: A 12-month waiting period applies.
[^5]: Does not apply to diagnostic and preventive benefits such as periodic oral evaluation, cleaning and x-ray.
Vision Insurance

Optional vision coverage is available to all state and higher education employees and dependents. You can choose from two plans: a basic plan and an expanded plan. Both plans offer the same services, including:

- Annual routine eye exam
- Frames
- Eyeglass lenses
- Contact lenses
- Discount on Lasik/Refractive surgery

What you pay for services depends on the plan you choose. With the basic plan, you pay a discounted rate or the plan pays a fixed-dollar allowance for services and materials. The expanded plan provides services with a combination of copays, allowances and discounted rates. See the benefit chart on the following page to compare benefits in both plans.

As with other optional products, the state’s vision insurance is an employee pay-all option. This means the state does not pay any part of the premium. Members are responsible for the full premium.

The basic and expanded plans are both administered by EyeMed Vision Care. You will receive the maximum benefit when visiting a provider in their Select network. However, out-of-network benefits are also available.

General Limitations and Exclusions

The following services are not covered under the vision plan:

- Treatment of injury or illness covered by workers’ compensation or employer’s liability laws
- Cosmetic surgery and procedures
- Services received without cost from any federal, state or local agency
- Charges by any hospital or other surgical or treatment facility and any additional fees charged for treatment in any such facility
- Services by a vision provider beyond the scope of his or her license
- Vision services for which the patient incurs no charge
- Vision services where charges exceed the amount that would be collected if no vision coverage existed

Note: If you receive vision services and materials that exceed the covered benefit, you will be responsible for paying the difference for the actual services and materials you receive.

(1) Instead of eyeglass lenses
(2) If medically necessary as first contact lenses following cataract surgery or multiple pairs of rigid contact lenses for treatment of keratoconus
(3) Copays for premium progressive lens are subject to change

EyeMed offers some additional discounts which include:
- 40% off on additional pairs of eyeglasses at any network location after the vision benefit has been used
- 15% off conventional contact lenses after the benefit has been used
- 20% off non-covered items such as lens cleaner, accessories and non-prescription sunglasses
- Expanded plan only: 25% to 50% savings on premium progressive lenses and anti-reflective lenses
**Employee Assistance Program**

The Employee Assistance Program (EAP) is a no cost, confidential support tool that helps you, and those around you, deal with personal issues and situations. Seeking help is not a weakness. The goal is that after you make the decision to ask for help, you will find the program both easy to access and helpful. Sooner or later, all of us will encounter a personal problem of some kind. The EAP can help with issues including:

- Family or relationship issues
- Feeling anxious or depressed
- Dealing with addiction
- Legal or financial issues
- Child and elder care
- Difficulties and conflicts at work
- Grief and loss
- Work/life balance

The EAP offers seminars on various issues of interest at locations across the state. Call 800.450.7281, extension 74641 or visit the website for more information.

All services are confidential. Prior authorization is required. Services can be easily accessed by calling Magellan — available 24 hours a day, 365 days a year. You may participate in EAP services on work time with your supervisor’s approval.

You and your eligible dependents may get up to five counseling sessions per problem episode at no cost to you. If you need assistance beyond the EAP, you will be referred to your insurance carrier’s behavioral health and substance abuse benefits. Services are available at no cost if eligible for health insurance coverage under the plan, even if enrollment is waived.

**ParTNers for Health Wellness Program**

The ParTNers for Health Wellness Program is free to all members, their eligible spouses and dependents. This program is an optional benefit for Standard PPO members.

**24/7 Nurse Advice Line**

The nurse advice line gives you information and support, 24 hours a day, 7 days a week, at no cost to you. Whether you have questions about a new diagnosis or you aren’t sure about an urgent situation, the nurse advice line is there when you need it. Call day or night to talk to a nurse about:

- The closest hospital or after-hours clinic
- Understanding what your doctor told you
- Your symptoms or questions about medications

**Working with a Health Coach**

Health coaches can help you reach your personal health goals, and will schedule calls when it is convenient for you. All calls are private. For more information about working with a health coach, see the frequently asked questions section of the ParTNers for Health website.

**Healthways Well-Being Connect**

Well-being Connect provides you with powerful online tools and resources at your fingertips. Choose from a variety of online health improvement focus areas and keep track of your progress to reach your personal goals. Registration is easy. Simply go to partnersforhealthtn.gov, click on the “My Wellness Login” button and follow the registration instructions.
Healthways Well-Being Assessment (WBA)
The online Well-Being Assessment (WBA) summarizes your overall health and offers steps you can take to improve. By completing the confidential online assessment, you will learn more about how your lifestyle habits affect your overall well-being. Once you complete the assessment, you will view your results and create your personal well-being plan, which will help you set goals and focus on areas where you can make improvements. Visit the wellness program page on the ParTNers for Health website for more information.

Don’t forget to sign up for free weekly health tips by e-mail. Visit our website and click the “Weekly Health Tips” link to sign up. You will get a short e-mail with each week’s healthy living tip.

Fitness Center Discounts
Available to all plan members, some fitness centers in the state have agreed to provide discounts. Refer to the wellness program page on the ParTNers for Health website to view a list of participating fitness centers.

Life Insurance

Basic Group Term Life and Accidental Death and Dismemberment
The state provides, at no cost to the employee, $20,000 of basic term life and $40,000 of basic accidental death coverage. If you enroll in health coverage, the amount of coverage increases as your salary increases, with premiums for coverage above $20,000/$40,000 deducted from your paycheck. The maximum amount of coverage is $50,000 for term life and $100,000 for accidental death and dismemberment. The face amount of coverage declines at ages above 65. For employees who do not enroll in health coverage, the amount of coverage does not increase regardless of salary.

Changes in coverage based upon age or salary take effect on the first day of October based on your age or salary as of September 1.

Eligible dependents (spouse and children) are covered for $3,000 of basic dependent term life coverage. Dependents (spouse and children) are eligible for basic accidental death insurance, with the amounts of coverage based on salary and family composition. Dependents of employees who do not enroll in health coverage are not eligible for basic term or basic special accident coverage.

Optional Accidental Death and Dismemberment
You and your dependents (spouse and children) may enroll in this coverage. It is in addition to the basic accidental death coverage and you must pay a premium. Benefits are paid for dismemberment if the loss occurs within 90 days of the accident, as long as you or your dependent is covered on the date of the accident and meet the criteria. Coverage amounts are based on salary and age. The maximum benefit for you is $60,000.

Optional Term Life Insurance
You and your dependents (spouse and children) may enroll in this coverage whether or not you enroll in health coverage. A premium is required. For employee guaranteed issue coverage, you must enroll during the first 30 calendar days of employment with the state. The effective date of coverage is the first of the month after you have completed three full
calendar months of employment. If you do not enroll when first eligible, you can apply for coverage during the annual enrollment period by answering health questions.

You may select up to five times your annual base salary (subject to a maximum of $500,000) if you apply when first eligible. You may apply for up to seven times your annual base salary (subject to a maximum of $500,000), but evidence of good health is required. The minimum coverage level is $5,000.

Your spouse may apply for $5,000, $10,000 or $15,000 of term life insurance at any age. Spouses below age 55 may apply for increments of $5,000, subject to an overall maximum of $30,000. Spouses must be performing normal duties of a healthy person of similar age and gender and not have been hospitalized, advised to seek medical treatment or received disability benefits within six months prior to the application to enroll date for coverage to be issued without answering any additional health questions. A spouse who does not meet the previous criteria may apply for coverage by answering specific health questions which the insurance company will use to decide if coverage will be allowed. You do not have to enroll in this coverage in order for your spouse to participate.

Children may be covered under either a $5,000 or a $10,000 term rider. The rider is added to either your contract or your spouse’s contract, but not both. These amounts will cover all eligible dependent children who meet the dependent definition. Coverage for children is guaranteed issue.

The optional term life insurance provides a death benefit and the premiums increase with age. It also offers an advance benefit rider, which allows part of the life insurance proceeds if an insured encounters a terminal illness.

Flexible Benefits Spending Reimbursement Accounts
State employees (excludes higher education which have their own flex program, and off-line employees) are eligible for the flexible benefits program, which includes medical, dependent care, parking and transportation reimbursement accounts. The program is administered by the Department of Treasury. The maximum amount you can contribute to a flex benefits account is set by the IRS and the limits are subject to change yearly. Unless you have an approved family status change, you cannot enroll in or cancel a medical or dependent care reimbursement account in the middle of a calendar year.

Medical Reimbursement Account
With a medical reimbursement account, you can set aside money to pay for eligible medical expenses with your pre-tax contributions. Over-the-counter medications are not a reimbursable expense unless your doctor writes a prescription.

Dependent Care Reimbursement Account
The dependent care reimbursement account lets you use tax-free dollars to pay for such care if it is necessary to allow you to work and, if you are married, to allow your spouse to work or attend school full-time. The amount you can set aside for a dependent care reimbursement account depends on your tax filing status.

Transportation and Parking Reimbursement Accounts
The transportation and parking reimbursement accounts let you use tax-free dollars to pay for your transportation to and from work as well as work-related parking costs. You may enroll in a transportation or parking reimbursement account at any time.
Long-Term Care Insurance

Qualified state and higher education employees, their eligible dependents (spouse and children ages 18 through 25), retirees, parents and parents-in-law are eligible to enroll in long-term care coverage. This insurance covers certain services required by individuals who are no longer able to care for themselves without the assistance of others. Natural aging, a serious illness or an accident may bring on this need.

Services covered include nursing home care, assisted living, home health care, home care and adult day care. Benefits are available through different options based on a daily benefit amount ($100, $150 or $200) for either a three-year or five-year coverage period. The benefits are also available with or without inflation protection.

As a new employee, you have 90 days to enroll and have guaranteed issue of coverage. You may sign-up for coverage by completing the enrollment form enclosed in the enrollment kit, over the phone by speaking with customer service or online via the insurance carrier’s website. Your spouse, eligible dependent children, parents and parents-in-law may also apply for coverage; however, they must provide information about their health status and will be subject to medical underwriting review for approval to enroll. After the initial guaranteed issue period, you may still apply for coverage, but will also be subject to the same medical underwriting review for approval to enroll.

You must pay 100 percent of the premium if you choose this coverage. Premiums are based on age at the time of enrollment. So the younger you are when you apply, the lower your monthly premium will be. You may choose to have the premium taken from your payroll check, or may opt for a direct bill arrangement with the carrier. Direct billing or payment by bank draft or credit card can be set up on a quarterly, semi-annual or annual basis.
OTHER INFORMATION

Coordination of Benefits
If you are covered under more than one insurance plan, the plans will coordinate benefits together and pay up to 100 percent of the eligible charges. At no time should payments exceed 100 percent of the eligible charges.

As an active employee, your health insurance coverage is generally considered primary for you. However, if you have other health coverage as the head of contract, the oldest plan is your primary coverage. If covered under a retiree plan and an active plan, the active plan will always be primary. If your spouse has coverage through his or her employer, that coverage would be primary for your spouse and secondary for you.

Primary coverage on children is determined by which parent’s birthday comes earliest in the calendar year. The insurance of the parent whose birthday falls last will be considered the secondary plan. This coordination of benefits can be superseded if a court orders a divorced parent to provide primary health insurance coverage. If none of the above rules determines the order of benefits, the benefits of the plan which has covered an employee, member or subscriber longer are determined before those of the plan which has covered that person for the shorter time.

From time to time, carriers will send letters to members asking for other coverage information. This is necessary because it is not uncommon for other coverage information to change. This helps ensure accurate claims payment. In addition to sending a letter, the carriers may also attempt to gather this information when members call in. You must respond to the carrier’s request for information, even if you just need to report that you have no other coverage.

If you do not respond to requests for other coverage information, your claims may be pended or held for payment. When claims are pended, it does not mean that coverage has been terminated or that the claims have been denied. However, claims will be denied if the requested information is not received by the deadline. Once the carrier gets the requested information, they will update the information regarding other coverage, and claims that were pended or denied will be released or adjusted for payment.

Subrogation
The medical plan has the right to subrogate claims. This means that the medical plan can recover the following:

- Any payments made as a result of injury or illness caused by the action or fault of another person
- A lawsuit settlement that results in payments from a third party or insurer of a third party
- Any payments made due to a workplace injury or illness

These payments would include payments made by worker’s compensation insurance, automobile insurance or homeowners insurance whether you or another party secured the coverage.

You must assist in this process and should not settle any claim without written consent from the Benefits Administration subrogation section. If you do not respond to requests for information or do not agree to pay the plan back for any money received for medical expenses the plan has already paid for, you may be subject to collections activity.

On the Job Illness or Injury
Work-related illnesses or injuries are not covered under the plan. The plan will not cover claims related to a work-related accident or illness regardless of the status of a worker’s compensation claim or other circumstances.
**Fraud, Waste and Abuse**

Making a false statement on an enrollment or claim form is a serious matter. Only those persons defined by the group insurance program as eligible may be covered. Eligibility requirements for employees and dependents are covered in detail in this guide.

If your covered dependent becomes ineligible, you must inform your benefits coordinator and submit an application within one full calendar month of the loss of eligibility. Once a dependent becomes ineligible for coverage, he or she cannot be covered even if you are under court order to continue to provide coverage.

If there is any kind of error in your coverage or an error affecting the amount of your premium, you must notify your benefits coordinator. Any refunds of premiums are limited to three months from the date a notice is received by Benefits Administration. Claims paid in error for any reason will be recovered from you.

Financial losses due to fraud, waste or abuse have a direct effect on you as a plan member. When claims are paid or benefits are provided to a person who is not eligible for coverage, this reflects in the premiums you and your employer pay for the cost of your healthcare. It is estimated that between 3–14 percent of all paid claims each year are the result of provider or member fraud. You can help prevent fraud and abuse by working with your employer and plan administrator to fight those individuals who engage in fraudulent activities.

**How You Can Help**

- Pay close attention to the explanation of benefits (EOB) forms sent to you when a claim is filed under your contract and always call the carrier to question any charge that you do not understand
- Report anyone who permits a relative or friend to “borrow” his or her insurance identification card
- Report anyone who makes false statements on their insurance enrollment applications
- Report anyone who makes false claims or alters amounts charged on claim forms

Please contact Benefits Administration to report fraud, waste or abuse of the plan. All calls are strictly confidential.

**To File an Appeal**

If you experience a problem relating to the plan policies or the services provided, there are established internal and external procedures to help you resolve your complaint. These procedures do not apply to any complaint or grievance alleging possible professional liability, commonly known as malpractice, or for any complaint or grievance concerning benefits provided by any other plan.

You should direct any specific questions regarding initial levels of appeal (the internal appeal process) to the insurance carrier. Other appeal questions may be directed to the Benefits Administration appeals coordinator at 615.741.4517 or 866.576.0029.

**Administrative Appeals**

To file an appeal about an administrative process or decision (e.g., transferring between health plans, effective dates of coverage issues or timely filing issues) contact your agency benefits coordinator and explain your request. The benefits coordinator will forward your request to Benefits Administration for review and response.
Benefit Appeals
Before starting an appeal related to benefits (e.g., a prior-authorization denial or an unpaid claim), you should first contact the insurance company to discuss the issue. You may ask for an appeal if the issue is not resolved as you would like.

Different insurance companies manage approvals and payments related to your medical, behavioral health, substance abuse and pharmacy benefits. To avoid delays in the processing of your appeal, make sure that you direct your request to the correct company. You have insurance cards for medical and pharmacy. You can find member service numbers for medical, behavioral health and substance abuse on your medical card. Your pharmacy card will have the member service number for pharmacy.

Appealing to the Insurance Company
To start an appeal (sometimes called a grievance), call the toll-free member service number on your insurance card. You may file a formal request for an appeal or member grievance by completing a form or as otherwise instructed.

The insurance company will process internal levels of appeal — Level I and Level II appeals. Decision letters will be mailed to you at each level. These letters will tell you if you have further appeal options (including independent external review) and if so, how to pursue those options and how long you have to do so.

Pursuing Further Action
In cases where internal and external appeal procedures have been completed, decision letters will notify you of the option to pursue further action through litigation.
LEGAL NOTICES

Information in this Guide
This guide does not give every detail of the state-sponsored plans. The Plan Document is the legal publication that defines eligibility, enrollment, benefits and administrative rules. If information in this guide conflicts with the Plan Document, the Plan Document will control. Your department or facility (benefits section) has a copy or you can obtain a copy from the Benefits Administration website.

The information contained in this guide is accurate at the time of printing. The Insurance Committees may change the plans at their discretion. Changes to federal and/or state laws may also impact the plans. You will be given written notice of changes. The benefits described in this guide cannot be changed by any oral statements.

Member Privacy
The state group insurance program considers your protected health information (PHI) private and confidential. In accordance with the federal Health Insurance Portability and Accountability Act (HIPAA), policies and procedures are in place to protect such information against unlawful use and disclosure. PHI is individually identifiable health information. This includes demographics such as age, address, e-mail address and relates to your past, present or future physical or mental health condition. We are required by law to make sure your PHI is kept private.

When necessary, your PHI may be used and disclosed for treatment, payment and healthcare operations. For example, your PHI may be used or disclosed, including, but not limited to:

• In order to provide, coordinate or manage your healthcare
• To pay claims for services which are covered under your health insurance
• In the course of the operation of the state group insurance program to determine eligibility, establish enrollment, collect or refund premiums and conduct quality assessments and improvement activities
• To coordinate and manage your care, contact healthcare providers with information about your treatment alternatives
• Conduct or arrange for medical review, auditing functions, fraud and abuse detection, program compliance, appeals, right of recovery and reimbursement/subrogation efforts, review of health plan costs, business management and administrative activities
• To contact you with information about your treatment or to provide information on health-related benefits and services that may be of interest to you

To obtain a copy of the privacy notice describing, in greater detail, the practices concerning use and disclosure of your health information, visit the Benefits Administration website or you may obtain a copy from your agency benefits coordinator.

Medicare Part D
Medicare eligible retirees have access to a Medicare supplement plan. The supplemental plan does not include pharmacy benefits and retirees should enroll in a Medicare Part D plan for prescription drug benefits. For further information, refer to the notice of creditable coverage which is available at tn.gov/finance/ins on the Medicare supplement page.
**TERMS AND DEFINITIONS**

**Acquire Date**
The acquire date is the date that establishes a relationship between you and your dependents, such as date of marriage for a spouse, date of birth for a natural child or date of legal obligation if you are appointed as a guardian.

**Balance Billing**
If you get treated by out-of-network providers, you can be subject to balance billing by the out-of-network provider. This is the process of billing a patient for the difference between the provider’s charges and the amount that the provider will be reimbursed from the patient’s insurance plan. For example, let’s say that a doctor typically charges $100 for a certain service. An in-network doctor has agreed to provide the same service for a reduced rate of $75 and he or she writes off the rest of the charge. An out-of-network provider has not agreed to any reduced rates as he or she does not have a contract with the carrier and will bill the entire charge of $100. However, the insurance carrier will not reimburse more than $75 for the service which means that you may owe the out-of-network provider the additional $25.

**Claims**
Claims are the bills received by the plan after a member obtains medical services.

**Coinsurance**
Coinsurance is the percentage of a dollar amount that you pay for certain services. Unlike a fixed copay, coinsurance varies, depending on the total charge for a service.

**Copay**
A copay is a flat dollar amount that you pay for certain services like office visits and prescriptions.

**Deductible**
A fixed dollar amount you must pay each year before the plan pays for services that require coinsurance.

**Drug List**
The drug list is a list of covered drugs. The listing includes generic and preferred brand drugs covered by the plan. This list is often called a formulary.

**Drug Tiers**
The drugs covered by the state’s pharmacy benefit are grouped into three tiers — generic, preferred brand and non-preferred brand. Each tier has a different copay amount.

**Fully-Insured Plan**
Under a fully-insured plan, an insurance company, rather than a group sponsor (like the state) pays all claims. The sponsor pays a premium to the insurance company. The state’s dental plans are fully insured.

**Generic Drug (Tier One)**
A generic drug (also called tier one) is a Food and Drug Administration (FDA) approved copy of a brand name drug. A generic medicine is equal to the brand name product in safety, effectiveness, quality and performance. You pay the least when you fill a prescription with a generic drug.

**Guaranteed Issue**
Guaranteed issue means that you cannot be denied coverage and do not have to answer questions about your health history and long as you enroll within a certain amount of time.
Head of Contract
The head of contract is an employee who works for a participating employer group and enrolls in coverage during the initial eligibility time frame. Two married employees who both work for participating employer groups could each be the head of their own contract or one could be the head of contract and the other a covered dependent spouse.

Health Insurance Portability and Accountability Act (HIPAA)
The Health Insurance Portability and Accountability Act (HIPAA) is legislation that protects health insurance coverage for persons who lose or change jobs and establishes a privacy rule and national standards for protecting personal health information. HIPAA means your personal health information can't be shared without your consent and protects your privacy.

In-Network Care
In-network care is provided by a network provider. Costs for in-network care are usually less expensive than out-of-network care as a result of special agreements between insurance carriers and providers.

Maximum Allowable Charge (MAC)
The maximum allowable charge (MAC) is the most that a plan will pay for a service from an in-network provider. If you go to an out-of-network provider who charges more than the MAC, you will pay the difference between the MAC and the actual charge.

Meeting Your Deductible
Meeting your deductible means you have reached your annual deductible. This is the amount you pay each year before the plan pays for services that require coinsurance, such as hospital charges.

Network
A network is a group of doctors, hospitals and other healthcare providers contracted with a health insurance carrier to provide services to plan members for set fees.

Non-Preferred Brand Drug (Tier Three)
A non-preferred brand drug (also called tier three) belongs to the most expensive group of drugs. You will pay the most if your prescription is filled with a non-preferred brand.

Out-of-Network Care
Out-of-network care refers to healthcare services from a provider who is not contracted with your insurance carrier. Costs for out-of-network care are usually more than for in-network care. The benefits paid are usually based on the maximum allowed by the plan. When out-of-network charges are higher than the maximum allowed, the member pays the difference.

Out-of-Pocket Maximum
An out-of-pocket maximum is the most you will pay for copays and coinsurance in any given year. The out-of-pocket maximum does not include premiums. Once you reach your out-of-pocket maximum, the plan pays 100 percent of your eligible expenses for the rest of the year. There are separate maximums for in-network and out-of-network services. A separate out-of-pocket maximum applies to in-network pharmacy in the standard and partnership options.

Preferred Brand Drug (Tier Two)
A preferred brand drug (also called tier two) belongs to a group of drugs that cost more than generics but less than non-preferred brands.
Preferred Provider Organization (PPO)
A PPO gives plan participants direct access to a network of doctors and facilities that charge pre-negotiated (and typically discounted) fees for the services they provide to members. Plan participants may self-refer to any doctor or specialist in the network. The benefit level covered through the plan typically depends on whether the member visits an in-network or out-of-network provider when seeking care.

Premium
The amount you pay each month for your coverage, regardless of whether or not you receive health services. What you pay depends on where you work (state, higher education, local education or local government) and the PPO you select.

Prescription Drug Copay
Typically, members must pay a prescription drug copay when filling a prescription. This is the fixed dollar amount you pay, such as $25 per prescription. The copay is lowest for a generic, higher for a preferred brand and highest for a non-preferred brand.

Preventive Care
Preventive care refers to services or tests that help identify health risks. For example, preventive care includes screening mammograms and colonoscopies as well as regular blood pressure checks. In many cases, preventive care helps a patient avoid a serious or even life-threatening disease.

Primary Care Physician
Primary care physician (also known as PCP) refers to your regular medical doctor. This is the doctor you see most often. A PCP can be a general practitioner, a doctor who practices family medicine, internal medicine, pediatrics or an OB/GYN. Nurse practitioners, physician's assistants and nurse midwives (licensed healthcare facility only) may also be considered primary-type providers when working under the supervision of a primary care provider.

Self-Insured Plan
Under a self-insured plan, a group sponsor (like the State) or employer, rather than an insurance company, is financially responsible for paying the plan's expenses, including claims and plan administration costs. The state's health insurance plans are self-insured.

Special Enrollment Provision
A rule that allows persons to request enrollment beyond the initial eligibility period due to certain life events.

Special Qualifying Event
A personal change in status, such as divorce or termination of spouse or ex-spouse's employment, which may allow persons to change benefit elections.

The Plan
In the broadest sense of the word, plan is the applicable State of Tennessee Preferred Provider Organization (PPO) Comprehensive Medical and Hospitalization Program. Plan may also refer to specific group plans within the larger comprehensive plan, such as the state plan, the local education plan or the local government plan.
