What are the admission requirements?
Students who have completed 12 or more hours of college-level courses must have a 2.0+* GPA. If you have fewer than 12 hours, your admission will be determined based on your ACT/SAT score and high school GPA.

How and when do I apply?
You should apply for admission the semester before you plan to enroll. Apply online at utm.edu/apply. Request that official copies of your high school transcript and transcripts from all colleges you have attended be sent to UT Martin.

When will my courses be evaluated for transfer credit?
An official course evaluation will be completed after all transcripts have been received.

Will all of my college-level courses transfer?
You will receive a transfer credit evaluation within two weeks of UT Martin admission which will detail how previous coursework will transfer into your degree program at UT Martin. All college-level work from accredited institutions will appear on your transcript. The transfer credit evaluation will indicate whether or not the credit will fulfill your specific degree requirements. Transfer equivalency tables with course equivalencies from other institutions are listed at: utm.edu/transfertables

If I enter with a high school deficiency, how do I remove it?
Your adviser will help you plan and process the paperwork to remove the high school deficiency, but this must be done at the earliest opportunity.

How many hours can I take during a semester?
Students in good standing may take as many as 20 hours in a regular semester or 9 hours in a summer term without receiving special permission from the dean. A probationary student may not take more than 16 hours in a regular semester or 8 hours in a summer term. Students are considered full-time when they are enrolled in at least 12 hours of classes and are taking those classes for credit.

Under what catalog will I graduate?
You may earn your bachelor’s degree by satisfying all the degree requirements within a single catalog in effect within 10 years of your date of graduation from UT Martin. You must have been at UT Martin or another public community college or university during the time covered by the catalog.

How do I apply for financial aid?
Complete the Free Application for Federal Student Aid (FAFSA) and submit it as soon as possible after October 1. UT Martin’s code is 003531.
