

# Welcome to the Writing Center!

To ensure that every student receives quality assistance, most tutoring sessions will last **approximately 20 minutes.**

During tutoring sessions **please:**

-  Silence your cell phone.
-  Refrain from talking to other students.
-  Log off the computer if you are working with a tutor at a table.
-  Take notes and ask questions.

After the 20-minute session, students are encouraged to continue to work individually on their papers and are invited to return for further assistance.

What to Expect from a Tutoring Session →

# Writing Center Guidelines for Reviewing Written Work

The Writing Center is a **tutoring** service; it is not a **proofreading** service.

- We help students to become better writers.
- We find patterns of errors in students' writing.
- We explain organization, content, grammar, and/or punctuation.
- We ask questions about students' writing.
- We teach.
- We do not write on papers.
- We do not do line-by-line proofreading.
- We want students to control their papers and make their own corrections.
- We spend approximately 20 minutes discussing student work.

Thank you for coming to  
The Hortense Parrish Writing Center!
