UT Martin Women's Softball Coach Donley Canary described some of the factors that make him love this area and his work when he gave a presentation for the Kiwanis Club of Martin on March 28. With him were his wife Jenny (left) now retired from UT Martin (former manager of ticket sales for Athletics and later an employee in Campus Recreation), and Skyhawk softball athlete Jodie Duncan (right), a senior majoring in sports business. Also with Coach Canary is UT Martin retiree Bettye Giles (center) for whom the Bettye Giles Softball Field, dedicated on April 13, 1996, is named. Ms. Giles began her work at UT Martin in 1952 and was a driving force behind almost every program relating to women's athletics. She served as director of athletics for 25 years and is one of the reasons why UT Martin is recognized as one of the pioneers for women's intercollegiate athletics. Pictured also is Danelle Fabianich, assistant athletics director for academics and student-athlete services. Danelle introduced Coach Canary.

here for 17 years and loves the opportunity to recruit student athletes from all over the United States, to see them excel as athletes and students, to work on such a beautiful campus, and to be among outstanding faculty, staff, and community supporters. He said everyone takes great pride in the softball facility, the great club house and field, and the overall conditions at UT Martin. Coach Conley just recently logged win number 540. Other important numbers to Coach Conley are 400— the number of community service hours his team completed last fall; 80—the number of bases stolen so far this season with 11 bases stolen in one recent game; 22—the number of games the team has left to play (as of March 28); and 3.545—the team GPA. Coach Conley encouraged everyone to come out to enjoy some exciting fast pitch Skyhawk softball.
