As part of Read Across America, students at Martin Middle School are participating in the One Book One School Reading Program. The program was optional and students responded to a survey as to whether or not they would like to participate.

The program was designed to unite families and our school community. Each participant was provided their own copy of *The Boy in the Striped Pajamas*. The book is to be read at home according to a schedule and shared with families. Additional activities revolving around the story will take place at school. For example, each day students will be asked a comprehension question based on the assigned chapter the previous night. If they answer correctly, they will earn a point and possibly a small prize. At the end of the program, the student with the most points will win a new game station.

This reading program would not be possible without the generosity of the following organizations: Fuller Partners, **Kiwanas Club**, Martin Medical, RE/MAX, and Weakley County Schools.

Vera Shanklin, pictured with husband Johnny and Mary Elizabeth Bell, visited Kiwanis last week and discussed her recent interest in quilting. Vera talked about how she learned and the tools needed to master the craft. Pictured at the upper left is her pride and joy, a quilt with symbols used in the Underground Railroad.
