*"Kiwanis is a global organization of volunteers dedicated to improving the world, one child and one community at a time."*

### Today's Program

#### Golf Coach Austin Swafford

**Austin Swafford** is in his first season as head coach and fourth overall season on the coaching staff at his alma mater in 2020-21. Swafford transitioned into the role after serving as UT Martin's lead assistant during the 2019-20 campaign. Although the season was cut short because of the COVID-19 pandemic, it was one of the program's finest seasons with UTM finishing tied for first in the OVC.

A four-year starter for head coach Jerry Carpenter, Swafford became just the seventh golfer in UT Martin history to garner All-OVC honors. He ranked eighth in the conference with a 73.2 scoring average while nabbing five top-six tournament finishes. That came after a 2016 campaign where he helped the Skyhawks tally their first-ever OVC championship.

**The Greenfield Kiwanis Club** is working on a service project that involves preparing hygiene kits to distribute. The club is applying for a \$1,000 grant but needs to show that their club is contributing to this effort. The board agreed to donate \$150. If individual members wish to contribute, contact Steve to have any donation added to your bill.

**The nominating committee** seeks your help to have elections in May. The past president and the three outgoing board members make up the nominating committee. That will make Danelle chair and Frank, Sara, and Earl committee members. Club members are invited to step up and volunteer to serve! If you would like to serve, please contact a committee member.

**After many years of service**, Linda wants to step down as Key Club advisor. She will be glad to share the duties expected of a Key Club advisor and to help a replacement get started. She said that Seth Frylls is excellent to work with at Westview.

**Loves Science and Youth** —Recent UT Martin graduate **Amanda Mayo** certainly knows what it means "to serve the children of the world, one child and one community at a time." At the March 3 meeting, Amanda outlined her work in promoting geosciences in the classroom and her efforts to pay forward in helping others with science as she herself was helped. Amanda has a lengthy record of assisting others in the surrounding community and an amazing "toolbox" of talents. A former member of the UTM varsity rifle team, Amanda has worked with the 4-H rifle team in Weakley County,
