Student Block Grant Awards

The University continues to distribute funds to eligible students through block grant awards. Block grant awards were not applied to outstanding balances on student accounts. Student eligibility for the block grant award was limited to students enrolled in the Spring 2020 semester and who met the following criteria:

- Students had to be eligible for Title IV aid as determined by the 2019 - 2020 FAFSA. This included meeting satisfactory academic progress (SAP) standards and resolving any outstanding eligibility requirements from the FAFSA.

- Students must not have been enrolled in a program that is conducted exclusively online as of March 13, 2020. Students whose program was not exclusively online, but who were enrolled in all online Spring 2020 courses as of March 13, 2020, were not eligible for a Block Grant Award but were entitled to apply for aid through the Student Emergency Fund process outlined below.

The University has determined eligibility for the block grant awards. Block awards amounts considered portions of the cost of attendance expenses for housing, food, and technology. Students did not have to complete a separate application to receive them. Eligible students received the following awards based on their expected family contribution (EFC) range:

Group	EFC Range	Award
Undergraduate and Graduate Students	0-5,576	\$640
Undergraduate and Graduate Students	5,577-10,000	\$640
Undergraduate and Graduate Students	Above 10,000	\$433

The maximum a student can receive through the application for *additional* funds cannot exceed the Pell amount for 2019-20, which is \$6195--that is the application amount PLUS the original award offer of either \$640 or \$430 cannot exceed \$6195.
