

UT Martin Graduate Studies
Change in Admission from Unclassified to Non-Degree

Please change my graduate admission classification from unclassified to non-degree so that I may enroll in graduate courses. I have completed the maximum one semester in the unclassified category and am not currently eligible for degree-seeking admission.

I understand that should I later wish degree-seeking admission, it will be necessary for me to complete the *Application to Move from Non-degree to Degree-Seeking Status* and submit the appropriate qualifying exam score. Also, I understand that a maximum of two (2) graduate courses taken as an unclassified and/or non-degree student may be applied toward a graduate degree.

PLEASE NOTE: Non-degree students are not eligible for financial aid.
