

Mathematics 740

Selected Topics in Applications of Mathematics for Teachers (3)

(Effective Fall 2009)

- Prerequisite:** Approval of the department chairman.
- Catalog
Description:** Selected topic in applications of mathematics through student research, seminars, or workshops.
- Note:** Includes topics such as dimensional analysis, mathematical modeling, differential equations, . . .
- Teaching
Objectives:** Objectives are defined by faculty member acting as project advisor/professor. Written course outline and objectives are filed with the supervising faculty member and department chair before the course begins.
- Disability
Services:** The University of Tennessee provides reasonable accommodations (academic adjustments and auxiliary aids) to ensure equal access to educational content and university programs for students with disabilities. Any student eligible for and requesting accommodations due to a disability must provide instructors with a letter of accommodation from Disability Services. For additional information, please contact the Disability Services office at 209 Clement Hall, (731) 881-7605.
