

## **Over-the-counter medication Agreement Form**

Over-the-counter medication (“OTC medication”) may at times need to be dispensed to a participant in the described program if approved by the participant’s parent or legal guardian. **NOTE: The University of Tennessee will not dispense any OTC medication without the written authorization of a participant’s parent or legal guardian.**

If you agreed to this form, you will be required to at time of registration:

- authorize each allowed OTC medication for participant
- list any OTC medication(s) that participant is allergic to
- list any other approved OTC medication(s)

Program staff reserves the right to use generic equivalents when available for the name brand OTC medications identified above.
