The UT Martin Educator Preparation Program (EPP) prepares educators to become facilitators of active learning for P-12 learners through a variety of diverse field placement opportunities. These experiences are intended to provide candidates with the necessary knowledge and skills to effectively lead a classroom, collaborate with colleagues, and impact the community. Despite being a rural West TN institution, the UT Martin Educator Preparation program serves more than 35 school districts per semester representing a large footprint throughout the state. The UT Martin EPP has diversified our teacher preparation pathways to accommodate the recent need for licensed educators in all program areas across the state. Currently, UT Martin serves as one of the largest job-embedded graduate programs, as well as the largest CTE certification program in the state. Additionally, UT Martin's New Teacher Induction Program continues to provide unique support to program completers for the first two years following graduation in an effort to accelerate the success of new teachers, students, and school districts where they serve. This program enhances the EPP's continuous improvement efforts as well as primary and state partnerships with the LEAs we serve.
