## Building Equivalent Fractions

| Part | Visual Model | Fraction |
|------|--------------|----------|
|      |              |          |
|      |              |          |
|      |              |          |
|      |              |          |
|      |              |          |
|      |              |          |
|      |              |          |
|      |              |          |
|      |              |          |
|      |              |          |
|      |              |          |
|      |              |          |
|      |              |          |
|      |              |          |
|      |              |          |
|      |              |          |
|      |              |          |

| Part | Visual Model | Fraction |
|------|--------------|----------|
|      |              |          |
|      |              |          |
|      |              |          |
|      |              |          |
|      |              |          |
|      |              |          |
|      |              |          |
|      |              |          |
|      |              |          |
|      |              |          |
|      |              |          |
|      |              |          |
|      |              |          |
|      |              |          |
|      |              |          |
|      |              |          |
|      |              |          |
|      |              |          |
