Frequently Asked Questions

- ◆ **What are the dates?** May 27– June 23, 2023
- ◆ **How do I apply?** Applications are sent to TN high schools in early fall. Qualified students should request an application from a guidance counselor. Applications can also be found on the TGSAS website <https://www.utm.edu/offices-and-services/the-tennessee-governor-school-for-the-agricultural-sciences/> after October 1, 2022.
- ◆ **What are the prerequisites?** Students currently in grades 10 or 11 are eligible to apply. They **must** have a minimum weighted GPA of 3.0 on a 4.0 scale, demonstrate an active interest in the agricultural sciences, and earn ACT or other standardized test scores indicating the student's ability to succeed at the college level.
- ◆ **What is the application deadline? Applications must be electronically submitted or postmarked and mailed no later than January 13, 2023. Letters of acceptance are mailed by March 1, 2023**
- ◆ **How much does it cost? Nothing, it's free!** All TGSAS expenses including tuition, housing, meals, books, and trips are funded by the Tennessee Departments of Education and Agriculture. Travel expenses to and from Martin and personal items are the only monetary responsibilities of the students.
- ◆ **Are there any obligations?** Students and a parent or guardian must sign an agreement to comply with TGSAS rules and to return forms and all requests for information within the stated deadline. Parental or guardian cooperation is essential for TGSAS to operate efficiently and for scholars to get the full benefit of the program.
- ◆ **How are students selected?** Applications must be **complete** and are judged on a weighted point system based on academic performance, teacher recommendations, personal resume, interpersonal skills, quality of two essays, an interest indicative of agriculture, and traits such as maturity, initiative, judgment, and punctuality. Incomplete or late applications may be discarded at the discretion of the selection committee.

What is the Tennessee Governor's School for the Agricultural Sciences (TGSAS)?

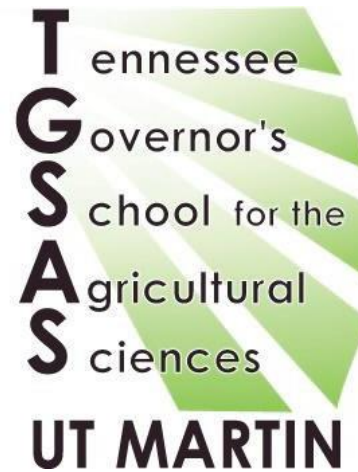

TGSAS is a four-week college experience for rising high school juniors and seniors. Scholars are exposed to various aspects of agriculture and natural resources both in the classroom, and through opportunities for hands on learning both on and off campus at the University of Tennessee Martin. Classes are taught by Department of Agriculture, Geosciences, and Natural Resources (AGN) faculty. Scholars take one college credit class (3 hours) and select a Group Study Project (GSP) including possible choices of Precision Agriculture, Veterinary Science, Natural Resources Management, or Agricultural Business(3 hours).

Scholars stay on campus in a UTM dormitory or in a system approved hotel during chaperoned and supervised overnight field trips. All meals are provided either in the UTM cafeteria or the scholars are given a per diem for meals off campus. Tuition, books, and transportation for activities and field trips are provided too. Supervision is provided at all times by faculty, staff and six experienced counselors.

AGRICULTURE = Cows, Sows, Plows & DRONES!

TGSAS scholars learned first-hand about Unmanned Aerial Vehicles (UAV) technology.

Our Mission:

The Tennessee Governor's School for the Agricultural Sciences will offer a unique learning experience to high school students to inspire their interest in agriculture and natural resources by providing classes and hands on learning opportunities in the University setting.

Funding is provided for the Tennessee Governor's School for the Agricultural Sciences by:

*The Tennessee Department of Education
Division of Career and Technical Programs
and The Tennessee Department of Agriculture
AG Tag Program*
